

Acadien Captain Service - Transport your Boat

Transport your Yacht, Pleasure Craft, or Fishing Boat, Captain`s Services

Our boat transportation service will deliver your new craft directly to your berth, or allow you to travel to your vacation destination in comfort while we transport your boat.

For many people, it is more relaxing to travel to their destination by other means, secure in the knowledge that their boat will be delivered on schedule. Instead of spending all those long days at sea trying to get to your vacation spot, let us have your vessel there when you arrive so you can enjoy your vacation and relax in your vessel instead of in a hotel.

We provide an experienced captain able to transport your craft safely to your destination.

To book our Captain Service, [click here](#) to download our booking form. This form can be completed online and then printed, so you can fax or mail the details of your service requirements to us.

Describe the vessel to be moved, the destination, and the desired dates. Please allow at least one months notice and also let us know if you also want the boat returned to your home port at the end of your vacation, or if you want the boat transported elsewhere.

You can also book our Captain's Service to

-

Move a boat in order to complete a sale

-

Move a boat that you have purchased to your home berth.
