

## Financing Options, Eastern US, Maritimes

### Financing Options, Financial Institutions

We can advise you on certain financing options to help you buy your dream boat. Surveys show most people over-estimate boat prices by approximately 30 per cent, so you may be surprised to find that some boats are more affordable than you think.

At times vessels are available with payment options already arranged. So please contact us to discuss your financing needs before making any other arrangements.

In addition, here are some of the banks with branches in the Eastern United States and in the Maritime Provinces. You may wish to contact some of these banks or check with your local bank/credit union about financing your new boat and/or license.
